OBJECTIVE

Motivated Web Development student with hands-on experience building real-world applications using JavaScript, MERN, and ASP.NET MVC. Passionate about turning ideas into clean, user-focused solutions and eager to contribute to a professional development team.

WORK EXPERIENCE

○ FREELANCE WEB DEVELOPER

06/2024 to Present

As a junior freelance web developer, I gained hands-on experience building real-world websites from start to finish. I began with small feature tasks and quickly progressed to delivering complete projects, strengthening my problem-solving skills, technical confidence, and understanding of clean, user-focused development.

○ PART-TIME GROCERY STORE ASSOCIATE / SUMMERHILL - TORONTO

09/2025 to Present

As a part-time grocery store associate, support daily operations, stock products, and assist customers in a fast-paced environment. Demonstrate reliability, responsibility, and strong time-management skills while balancing work and studies.

○ WEB DEVELOPMENT INTERN / BOX2HOME - FRANCE

01/2024 to 06/2024

As an intern at a leading transportation company in France, I contributed to the development of a package-tracking system using the MERN stack and business intelligence tools to visualize tracking data through dashboards.

○ IT - WEB SUPPORT INTERN / ANYPLI-TUNISIA

05/2022 to 08/2022

During this internship, I observed basic web and IT workflows in a professional environment. I assisted with simple website checks and content verification when needed. This experience helped me understand how web projects are organized and managed.
